

## SUMMER PROGRAM

This program was established to provide structured and organized activities for the children in Johnson Children's Services during the summer months. It is under the supervision of Johnson Children's Services Child and Youth Workers that these activities and events are planned for the children three days a week

## WHAT MAKES JOHNSON CHILDREN'S SERVICES A TREATMENT PROGRAM?

Johnson Children's Services is a treatment program because of the services and supports provided to both the children and the foster parents. Johnson Children's Services also provides extensive training to our foster parents and staff, who we believe are the primary therapists for children in care.

## MISSION STATEMENT

The Mission of Johnson Children's Services is to promote the growth of children and youth while strengthening the family unit.

Johnson Children's Services was organized to address the growing deficit of services to troubled children and families in our community.

## OARTY

We will be a part of the OARTY organization. The Ontario Association of Residences Treating Youth, through its member agencies, promotes the provision of high quality care for vulnerable children, youth, adults and their families.

# JOHNSON CHILDREN'S SERVICES INC.

Johnson Children's Services is a program that cares for Children, from a wide variety of Communities in Central and Eastern Ontario. Our homes bring its unique touch to this caring environment and are a reflection of those caregivers and / or staff who work with children in the home.

The structure of Johnson Children's Services allows children and staff the opportunity to resolve conflicts and grow together supported by Child Care Workers, Psychologists and Psychotherapists supervised by experienced Case Managers, and an integrated Group Home Manual.

Staff strive to establish strategic plans for the home, which reflect their unique place in the Childcare Service Network.

## **SPECIAL INTEREST**

---

Johnson Children's Services strongly supports children involvement in sports, recreational, community based activities and/or hobbies. These activities allow the child an opportunity to feel successful, gain self-confidence and self-esteem, to learn about him/herself by being pushed to the limit and building dreams. Community activities also give the child an opportunity to make friends and interact with peers.

## **TEENAGE PROGRAM**

---

The purpose of this program is to recognize and deal with the issues of adolescents in care as well as peer pressure, education and careers, puberty and sexuality, self esteem, drugs and alcohol, choices and decisions including skills to get ready for semi independence.

## **MODEL OF THE FOSTER AGENCY**

---

Johnson Children's Services is a mixed modality setting located across the Eastern Central and Western regions of Ontario. We provide residential services for latency and adolescent aged children and their families. Homes operate as mixed modality setting, with clinical services, life skills development, and recreational programming, to support a successful treatment plan. We provide a safe, supportive and nurturing environment. Within the normalized setting, there is a focus placed on skill development and growth.
